Experience

Snapp! Trip

- **Insight & Strategy Lead | Commercial Department** *Nov 2025 – Present*
  - Own end-to-end commercial strategy analysis for an OTA marketplace, supporting senior leadership decisions across pricing, promotions, and supply-side priorities.
  - Lead structured analysis and scenario planning to evaluate growth priorities, competitive positioning, and margin sustainability.
  - Translate market dynamics and business performance data into focused executive insights and actionable recommendations.
  - Lead a phased AI-Transformation program to evolve the Commercial Department into an AI-native function, establishing a roadmap across high-value use cases, workflow redesign, capability building, governance, and adoption.

Khanoumi Co.

- **Business Program Manager | Business Development Department** *Mar 2025 – Nov 2025*
  - Managed cross-functional programs and business improvement initiatives across operational and commercial teams.
  - Streamlined business processes and developed data-driven narratives to support strategic decisions and operational efficiency.
  - Coordinated stakeholders and workstreams to improve execution across business development priorities.

- **Associate Business Manager | Business Development Department** *Oct 2024 – Mar 2025*
  - Applied R-based business analysis and data visualization to generate actionable insights and support planning.
  - Developed and optimized visitor-routing algorithms and related processes to improve operational efficiency.
  - Led negotiation meetings with suppliers and clients, focusing on commercially effective terms and mutual value.
  - Managed cross-functional projects involving warehousing, logistics, product maintenance, and product feature development.
  - Supported financial workflow design and performance monitoring across P&L, COGS, OPEX, ROI, and contribution-profit layers.

Mehbang Group

- **Senior Project and Planning Specialist | Commercial Department** Apr 2024 – Oct 2024
  - Partnered with Commercial, Business Development, Marketing, Finance, and IT teams across four business lines operating in national and international markets.
  - Produced analytical and visual management reports using Power BI, SQL, Python, and Excel for the COO, CFO, and CEO.
  - Supported supply-chain and financial planning initiatives that contributed to a 10% reduction in additional costs over six months.
  - Developed ROI and MRP dashboards, tracked team KPIs and OKRs, and supported performance and agility measurement.
  - Contributed to development of the commercial module of the company's ERP and redesigned processes for new business units.

- **Project Management Specialist | Commercial Department** Apr 2023 – Apr 2024
  - Supported commercial planning, project coordination, business analysis, reporting, and process-improvement initiatives.
  - Collaborated with business and technical stakeholders to improve operational visibility and execution.
